

Nebojša Petrović is a Social Psychologist and an Associate Professor at University of Belgrade, Faculty of Psychology. His main area of study and research includes political and peace psychology and especially topics on reconciliation, authoritarianism, but also violence in youth sport, social identity and social memories, and other themes where it is possible to apply psychological knowledge in explaining social problems and issues. He teaches *Social Psychology* and *Methodology* at undergraduate and postgraduate level, and *Psychology of Peacebuilding and Reconciliation* and *Political Psychology* at PhD level.

He has published three books as the sole author: *The paths of research of authoritarianism*, *Psychological foundations of reconciliation* and *Elements of cross-cultural psychology* and several others as coauthor or author of chapters. He has published many papers in peer review journals: from Serbian journals: *Psychology* (ex member of the editorial board), *Sociology* (in editorial board now) and others, and also in leading international journals such as *Journal of Personality and Social Psychology*, *Group Processes and Intergroup Relations* and other. He has presented his papers at many scientific conferences. He has developed international collaboration network with colleagues from many universities.

Nebojša Petrović was a member of several international professional associations such as the *International Society for Political Psychology*.

He was twice a visiting researcher at the University of Vienna, and he has been a visiting researcher at the *London School of Economics*, several times from 2005 to 2012, where, among other things, he developed several syllabi of university courses. He has been researcher at some big projects including Framework Program and COST (European Commission), RRPP (CH), National Science Foundation (USA), DfID (UK).
